Dear Mr. Nikkel:

In accordance with your telegram we have entered the order, as outlined in our previous letter to you, on our #4507. Shipment we expect will go forward in about ten days, and we will get it off as quickly as possible.

In the meantime do we understand that you wish to send us remittance of \$150.00 to cover the agreed on net price, or would it be more convenient for you to forward about a \$50.00 deposit and then we will make shipmen under sight draft payable through your local bank on delivery.

Very truly yours,

Old Town Canoe Co.
