

NOTES  
 STATION SPACING 12"  
 WATERLINE SPACING AS SHOWN  
 BUTTOCK SPACING 3"  
 THESE LINES ARE TO THE INSIDE  
 OF THE FINISHED HULL.

DIMENSIONS	
LOA	17' 0"
BMAX	35"
BWL (4.5" WL)	32.6"
BGUNNEL	34.3"
BOW HT	25"
CENTRE DEPTH	14.5"
DRAFT	4.5"
DISPL	416 LBS
WETTED SURF	28.6 S.F.
METACENTRE	14.5"
WT TO IMMERSE	96 LB/IN
MOM TO TRIM	600 IN-LB/IN
PRISMATIC COEFF	0.532
OPTIMUM CAPACITY	350-680
STABILITY FACTOR	102

STATION SPACING  
 CONSTANT AT 12"

ROCKER = 2 5/8"  
 ROCKER IS MEASURED AT 80% OF THE DWL LENGTH

Steve Killing  
 Yacht Design

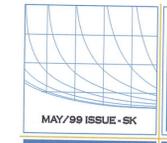

Drawings, fitting, modifications, calculations and, in some cases original design, by Steve Killing  
 Printing, distribution, clever ideas and, in some cases original design, by: Bear Mountain Boat Shop Inc., Box 191, Peterborough, Ontario, Canada, K9J 6Y6  
 www.bearmountainboats.com

THE STABILITY FACTOR IS CALCULATED FOR CANOES AND ROWBOATS AT A COMMON DISPLACEMENT OF 400 LBS. THE VALUES ARE BASED ON THE METACENTRIC HEIGHT AT 15 DEGREES HEEL WITH 12.24" TAKEN AS 100 PERCENT.

THE 17' NOMAD: RECOGNIZING THE POPULARITY OF THE CLASSIC 16' CHESTNUT PROSPECTOR FORT, CANADIAN CANOES COMMISSIONED TED MOORES TO DESIGN A 17' TRIPPING CANOE WHICH WOULD BE A KINDRED SPIRIT TO THE FORT. THE MID SECTION AND PROFILE ARE SIMILAR TO OUR 16' PROSPECTOR BUT WITH MUCH OF THE HOLLOW IN THE WATER LINES REMOVED. THIS ADDS SOME VOLUME AND STABILITY TO THE HULL BELOW THE WATER LINE AND MAKES A VERY EASY SHAPE TO PLANK IN CEDAR STRIP CONSTRUCTION.  
 THESE LINES ARE A REPAIRING OF THE ORIGINAL BEAR MOUNTAIN DESIGN FROM 1994. IT IS SHOWN HERE FLOATING ON THE 4.5" WATERLINE. DURING THE RE-FAIRING BY STEVE KILLING LITTLE CHANGE WAS MADE TO THE OVERALL SHAPE OF THE CANOE.

NOTE:  
 THE PURCHASER OF THESE PLANS IS ENTITLED TO BUILD ONE BOAT FOR HIS/HER OWN USE. PLEASE SEND A \$40 ROYALTY FOR EACH ADDITIONAL BOAT BUILT FROM THESE PLANS. THANK YOU FOR YOUR CONSIDERATION.

REPRODUCTION OF THESE PLANS FOR SALE TO ANY THIRD PARTY IS EXPRESSLY PROHIBITED WITHOUT SPECIAL PERMISSION FROM BEAR MOUNTAIN. BUILDING BOATS TO THESE PLANS FOR COMMERCIAL PURPOSES MAY BE DONE ONLY WITH SPECIAL PERMISSION FROM BEAR MOUNTAIN.
