Mr. W. Victor Miller,
R. R. # 1,
Plaster Rock, N. B.

Dear Victor:

I have been thinking about my 20 foot canoe form and wonder if you would care to own my share of it. As you know, I sold a half interest in it to Gordon Laflin in Presque Isle for \$100., he might be interested in taking the other half, but I thought you might like to hold it for yourself. That would give you free use of it and to sell canoes made from it. If Laflin continues to own a share he would be most likely to arrange with you to build canoes for him, as he likes that model very much.

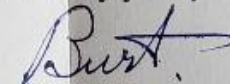

I am not in a hurry for the money, but if you want the form just say the word and pay me for it some time. If you take it I will throw in my 16 foot form at no extra cost. It is a perfect form to build from and makes a very good canoe; a fine car-top size, or for light trips with portages.

I am thru with canoe business when I sell the two on hand which you made for me. They are stored in my garage with two Chestnut maple paddles in each and I will ask \$200. for each with paddles. If you find a market for them before I do you can have the profit. I have just about \$60. invested in each of them and you can have the rest if you can sell them. You might make enough on them to buy the forms.

If Wiley or Ned comes out to your place would you ask one of them to give me a call by telephone?

It is possible I will not get up Tobique again before we go South. We have plane reservations for December 3rd.

Sincerely yours,

B. S. Moore.
